Dr George Engelmann

Dear Sir

Your kind favor of the 2nd is just received, forwarded to me, to this place where I am spending the warm weather. No apologies are necessary for your not writing sooner, as there was no real occasion except in the emergency which I trust may never occur, of anything regarding our friend. With your letter I have another from him. It is dated "in camp Indian Valley, Idaho" is dated July 12th and is post-marked Boise City July 18th. He had been joined by other forces, the whole is now under the command of his Col. and he was expecting to march on the Indians at once. I most sincerely join with you in the hope and in the belief that our friend may long live to retain possession of, to make many additions to & to enjoy his fine collection.

Very truly and sincerely yrs
